The Problem

Sunday leads, Monday callbacks

Sunday, 11:20 AM. Kulkarni Realty in Pune has a dozen portal lead emails since Friday. The broker calls them back on Monday. Sneha has already seen two flats with someone else.

The Workflow

AI Property Lead Qualifier

Every box below is a node in the free workflow.

Step 1

Catch every portal lead

n8n watches Gmail for lead emails from 99acres, MagicBricks and Housing.com. It notes which portal sent it, keeps the email text and skips any email it has already handled.

Gmail

Step 3

Match it to your listings

Your listings sheet is the source of truth. A small code step scores each available flat on area, BHK and budget and keeps the top 3. Every lead is logged by phone, so repeat enquiries update one row.
