Where One Order Gets Typed

A distributor gets an order on WhatsApp. Then the same details travel **by hand**.

1. **WhatsApp: read the order**
   customer, items, GSTIN, address
2. **Order register: type it in**
   same details, first time
3. **Invoice: type it again**
   name, GSTIN, items, rates
4. **Dispatch slip: type it again**
   address, items, quantities
5. **Payment follow-up: again**
   name, amount, invoice number

same customer. 5 times. every order.

The Hidden Cost

Every Retype Can Slip

Not carelessness. **Retyping invites mistakes.**
