Step 1

Add a WhatsApp Trigger

In n8n, add the **WhatsApp Trigger** and connect your WhatsApp Business number.

every message = one run

Step 2

Claude Reads + Tags Every Message

The AI Agent works out **what the person wants** before it replies.

understands, not keywords

Claude

New WhatsApp message: "Hi, how much for a website with online booking? Need it this month."

Intent: price question
Service: website with booking
Lead: warm, ready this month
Language: English

Next: answer from the price list, then share the booking link.

Step 3

Answer From Your Own Price List

Connect a Google Sheet as a **tool**. The agent only quotes what is in it.

example prices

Google Sheets

Price list

Service	Price	Includes
Starter website	₹25,000	5 pages, mobile ready
Website + booking	₹40,000	Booking + reminders
WhatsApp agent	₹30,000	Setup + 1 month support
Monthly care	₹5,000	Updates + fixes

"Website + booking is **₹40,000** and includes booking and reminders. Want to pick a time to talk?"

Step 4

Write the Rules

Short, clear instructions. The **never** lines keep it safe with real customers.

```
You are the WhatsApp assistant for a small business.

For every message:
1. Tag it: price, booking, support or spam.
2. Answer only from the Price list sheet.
3. Ready to buy? Send the booking link.
4. Save name, number and need in Leads.

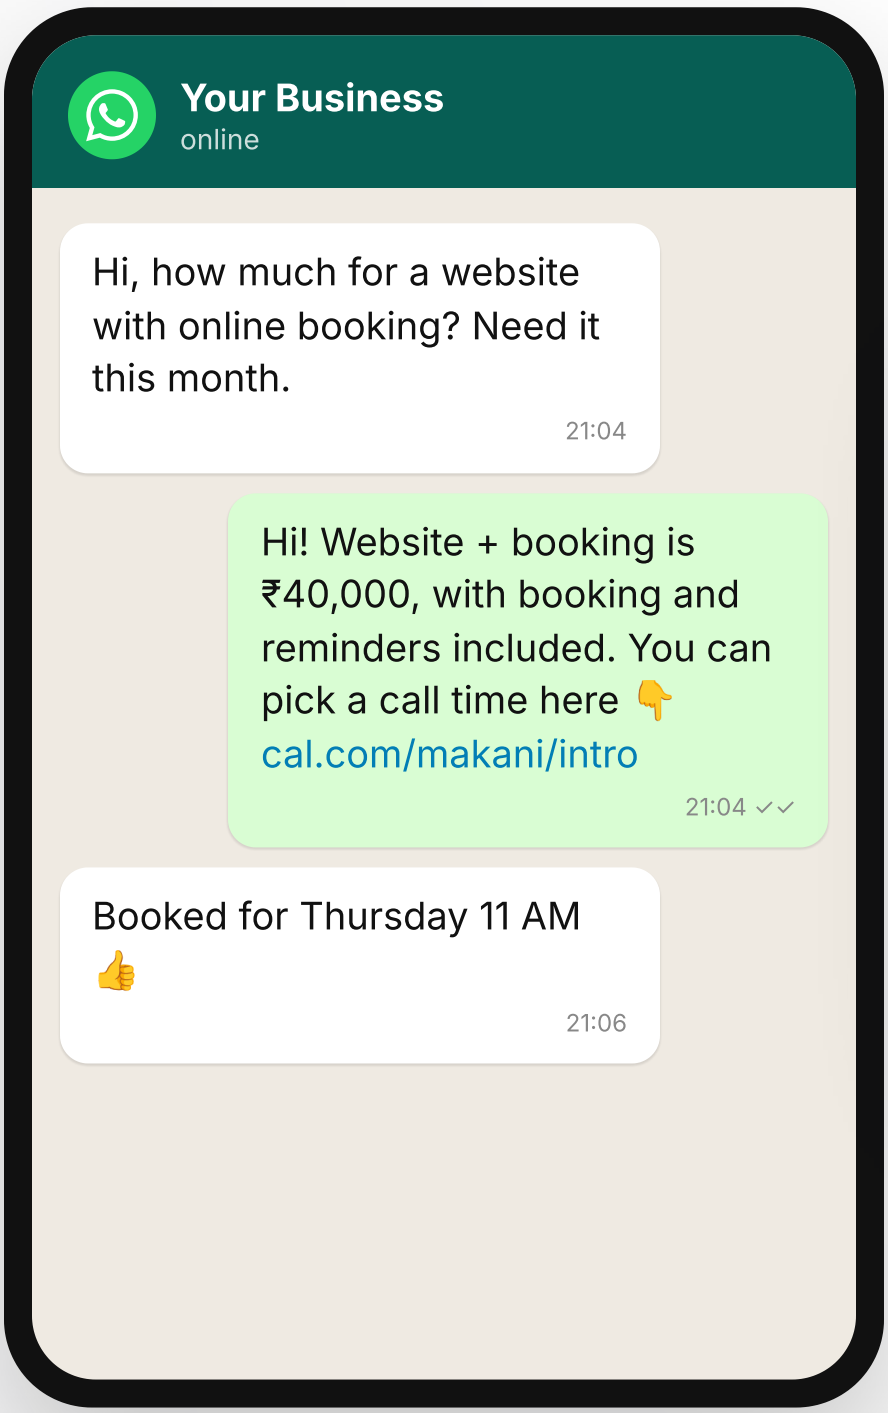

Never quote a price that is not in the sheet.
Unsure? Say a person will reply, then hand off.
```

Step 5

Book Hot Leads + Save Every Lead

Serious buyers get your **booking link**. Every chat lands in your sheet.

Step 6

Hand Off When It's Not Sure

Refunds, complaints, anything odd: the agent **steps aside** and pings you.

the hand-off is the feature ✓
