AI Agents Fail for Boring Reasons

(5 of them)

Why it broke

- 🧹 Messy data
- 🔑 Too many permissions
- 🤷 No fallback when unsure
- 🔕 Nobody told
- 👀 Nobody reads the output

Swipe →

Reason 1

The Data Is Messy

Google Sheets

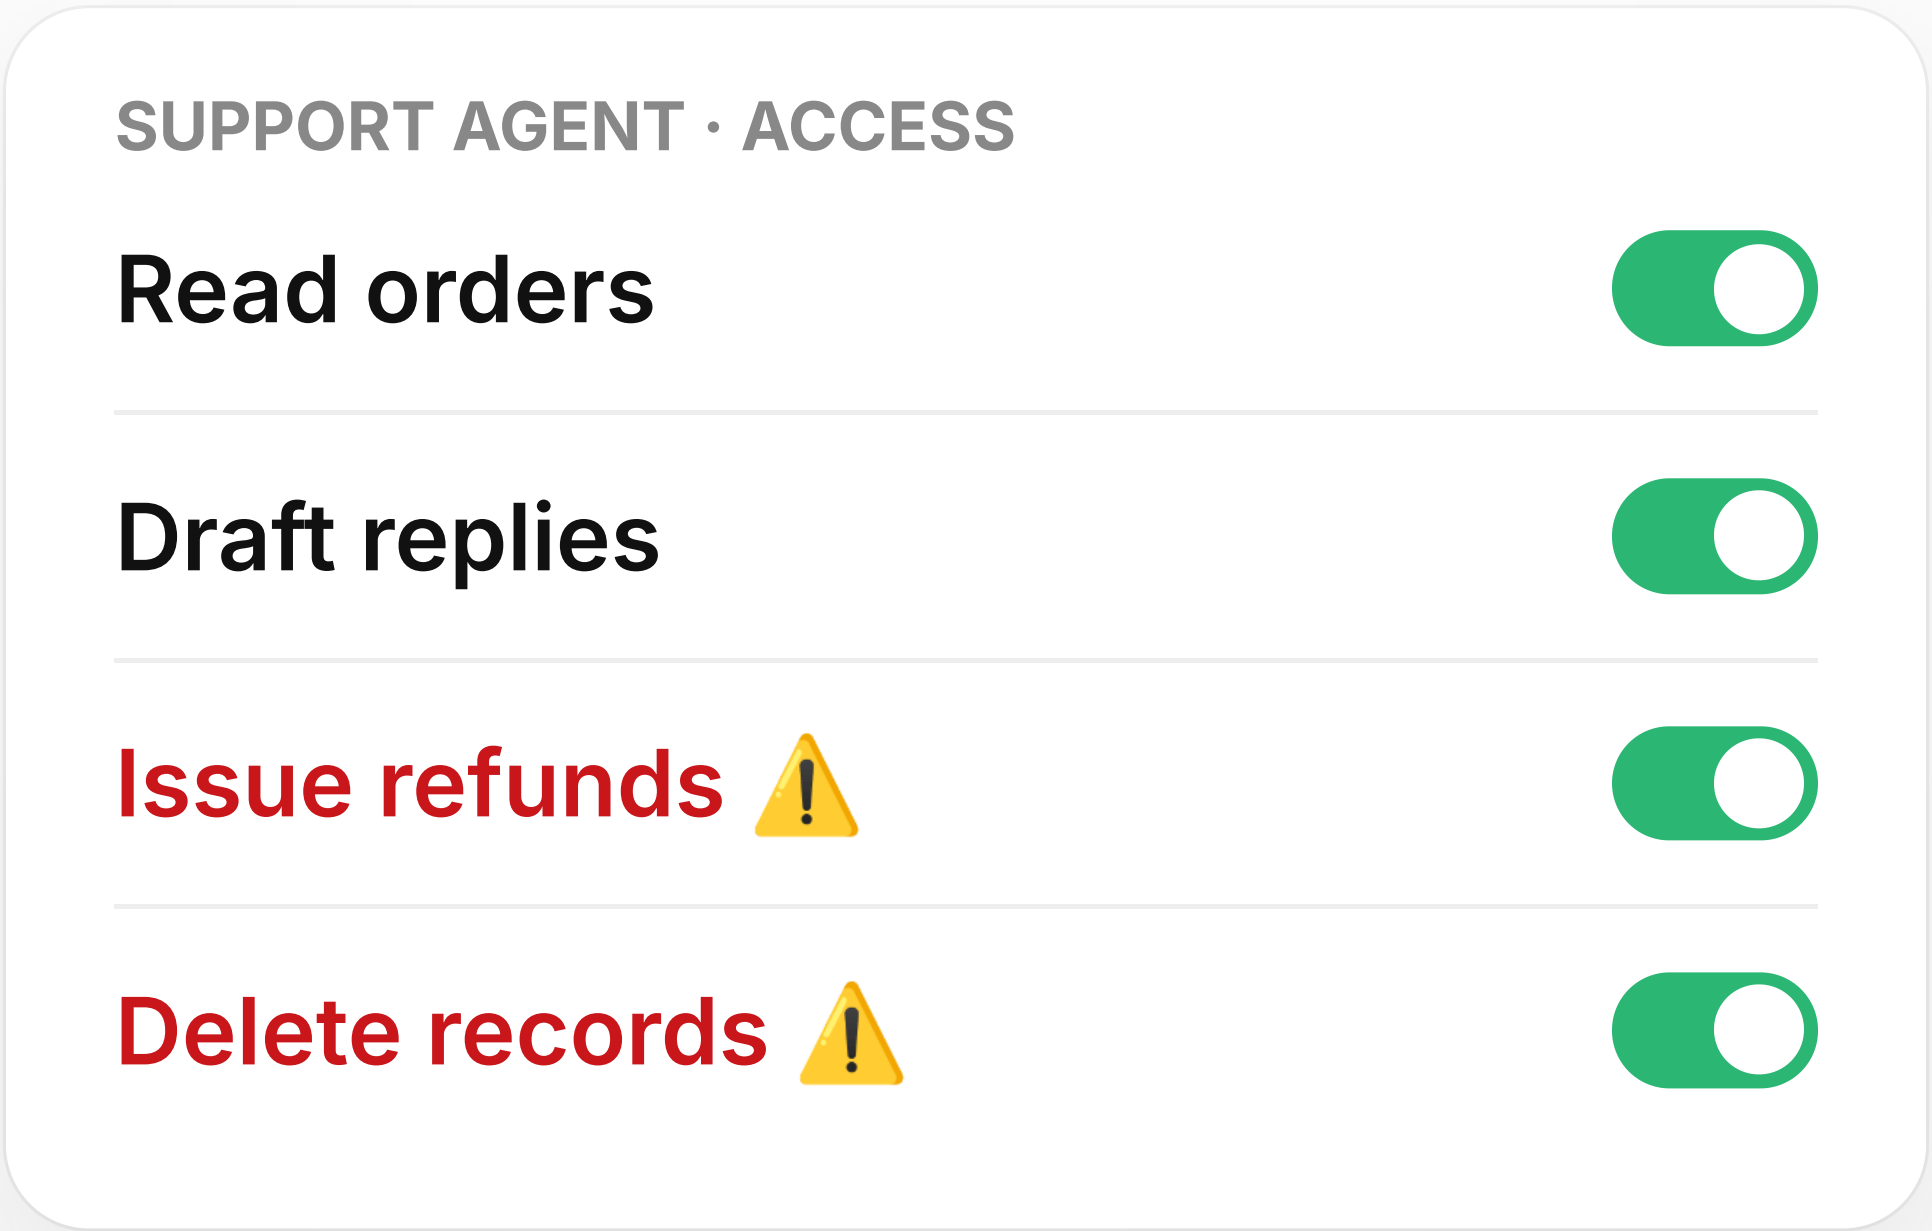

Customers

ID	Name	City
CUS-0004	Sharma Traders	Delhi
CUS-0019	Sharma Trdrs	Delhi
CUS-0027	sharma traders	delhi

three spellings. one customer.

Reason 2

It Has More Permissions Than It Needs

give it only what the job needs

Reason 3

No Fallback When It's Unsure

Claude

Customer: "Can I return it after 45 days?"

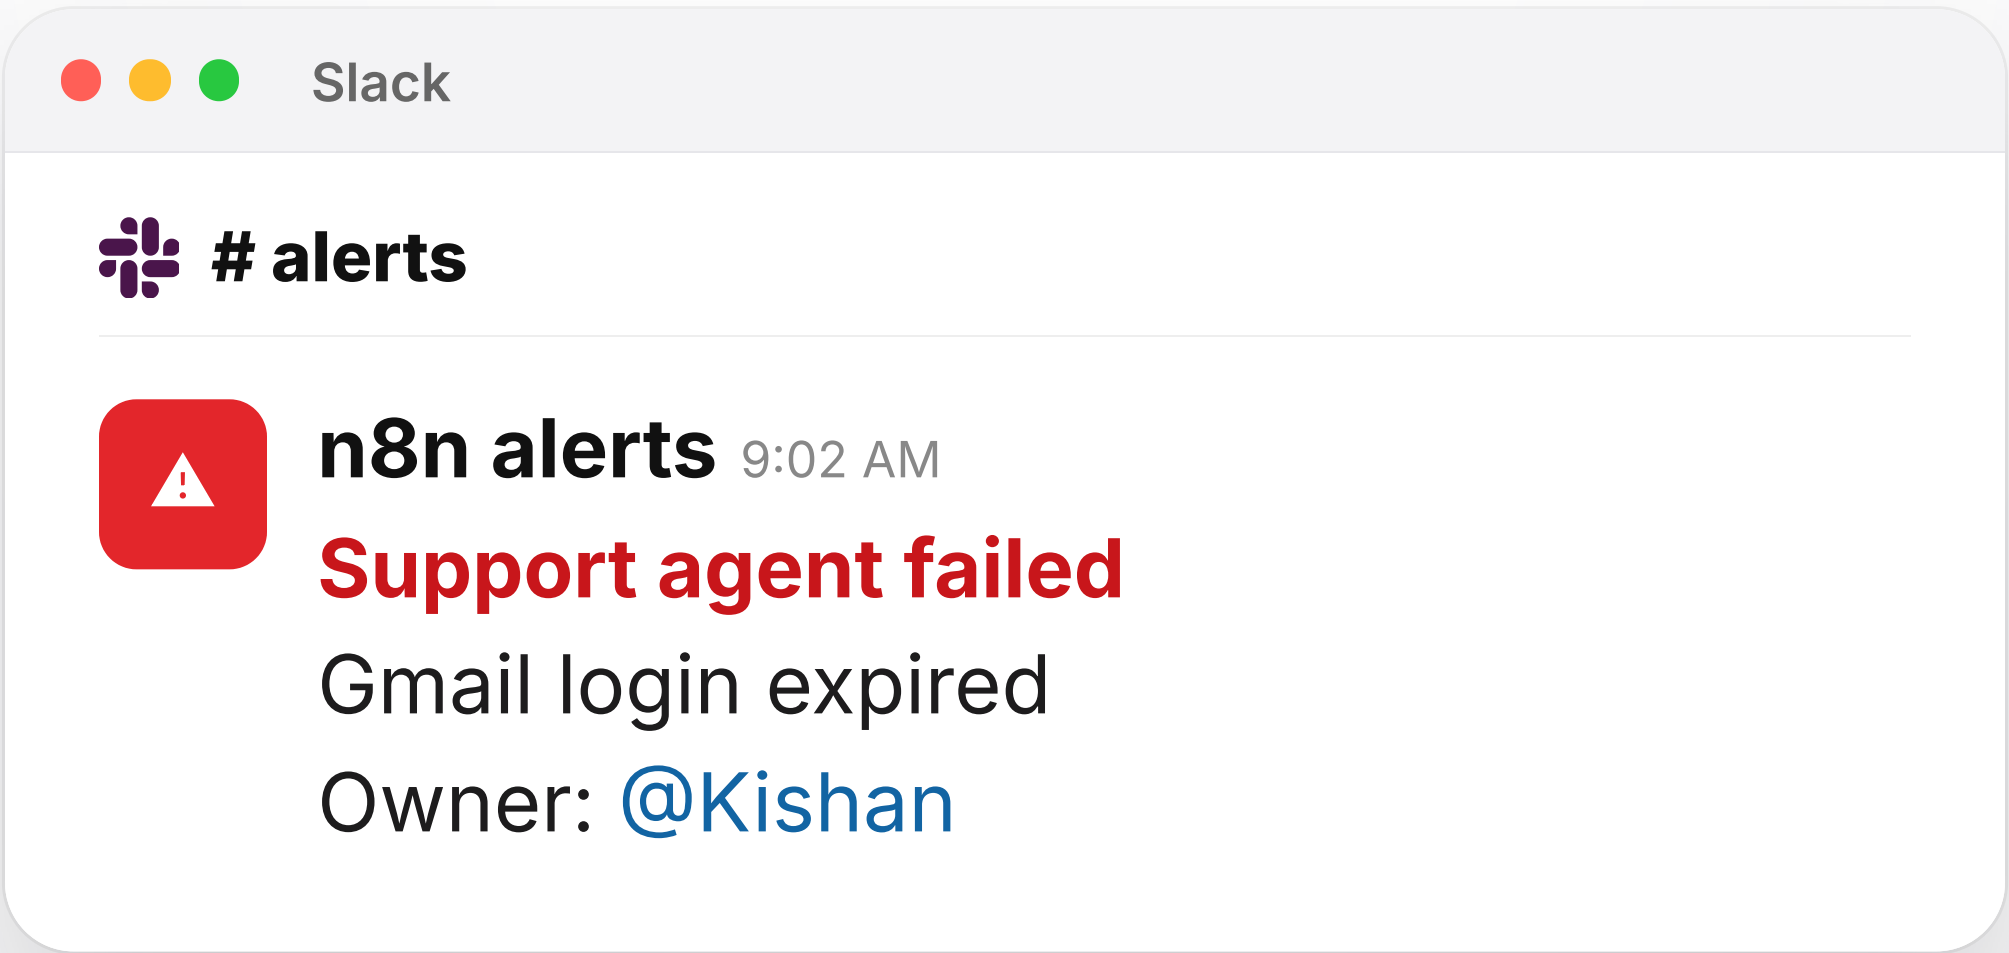

I'm not sure the policy I have covers this.

→ **Passing it to a person.**

"not sure" should be an answer

Reason 4

Nobody Gets Told When It Breaks

the alert you wish you had

Reason 5

Nobody Reads Its Output After Week One

Google Sheets

Agent log

Week	What	Checked?
Week 1	Agent replies	✓ Read
Week 2	Agent replies	Not read
Week 3	Agent replies	Not read
Week 4	Agent replies	Not read

read a few every week

Which of these have you run into?
