3 Questions Before I Automate

(the checklist)

Before we build

1. How often does this happen?
2. What happens when it goes wrong?
3. Who owns it after we leave?

Question 1

How Often Does This Happen?

Once a month

Not worth automating

Twenty times a day

Automate this

frequency first

Question 2

What Happens When It Goes Wrong?

Expensive

Wrong invoice total

→ keep human review

Harmless

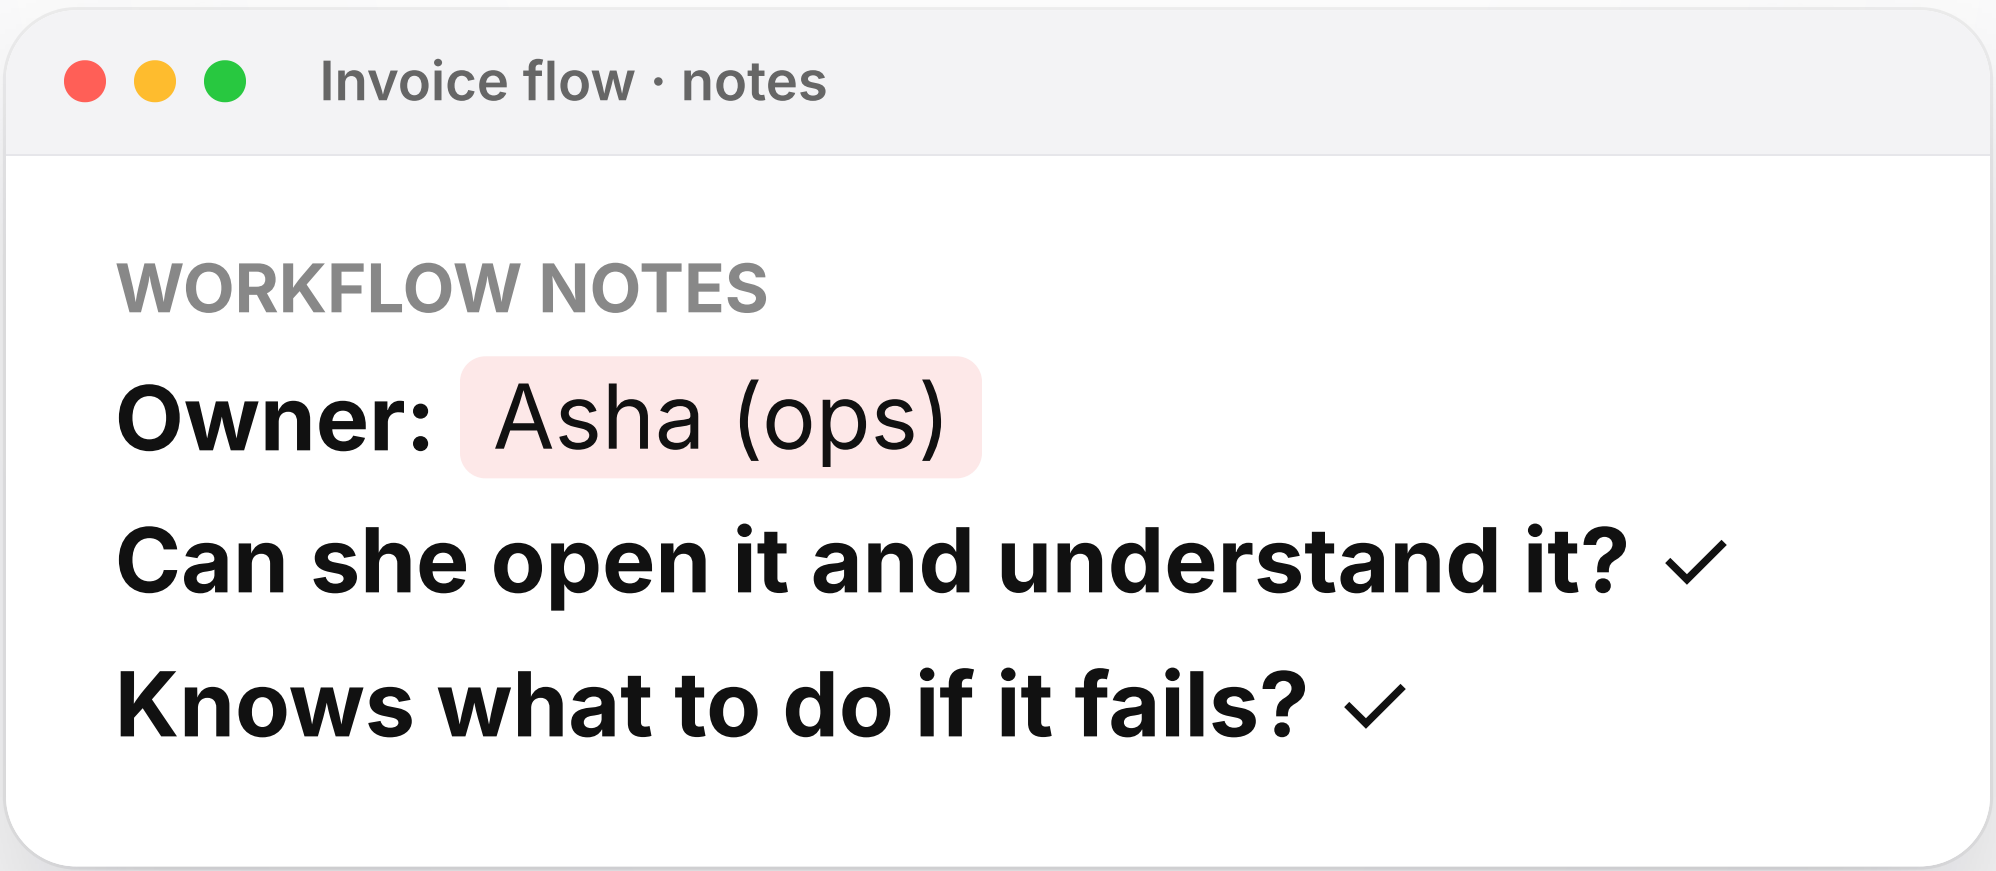

Wrong emoji in Slack

→ let it run

bigger risk, more human review

Question 3

Who Owns It After We Leave?

if nobody understands it, it stays broken

The Pattern

Most Failures Fail One of These

Not the tech.
One of these three.

my bet: people skip #3
